## About the Gilead Center

The Gilead Outreach and Referral Center (“the Gilead Center”) is a not-for-profit organization that connects low-income uninsured and underinsured individuals and families with existing, affordable health care programs for which they are eligible. The Gilead Center operates throughout the Chicago metropolitan area and has connected more than 89,000 individuals with health care programs.

### **Our Mission**

The Gilead Center connects uninsured individuals and families throughout the metropolitan Chicago area with affordable, quality health care benefits and services for which they are eligible.

### **Why is Gilead important?**

The uninsured face many barriers when seeking access to government- and privately-funded health programs: lack of information; erroneous beliefs about eligibility; linguistic barriers; complicated enrollment requirements; discomfort about revealing sensitive, personal information to strangers; and inconvenient times and places to enroll. Community-based health outreach conducted by workers who are known and trusted in their neighborhoods is essential to achieving access to available health care programs for the uninsured. Such community-based outreach is the core of the Gilead Center’s program.

If your clinic or network is not listed in this brochure, please contact Gilead Outreach and Referral Center. We will be happy to add your information to our listing.

Asian Human Services Family Health Center  
2820 Peterson

Chicago, IL 60659  
773-271-8880

Services Offered: Family Care  
Part of: Access Community Health Network

## What is a Community Health Center?

- ♥ Community Health Centers are places in your neighborhood that provide affordable health care to all people.
- ♥ You can use your medical card, but you don't have to have one.
- ♥ You can take your kids there for check-ups and shots (immunizations) or for back-to-school physicals. You and the rest of your family can go there, too. You can go there if you or your children are feeling ill, if you have an emergency, or for a regular check-up. You and your family can get care *before* you're really sick.
- ♥ All people can get the basic care they need, regardless of income, lack of insurance, or immigration status.
- ♥ Community Health Centers do not require some documentation. It's always good to call ahead for an appointment if you have a chance.

## What do I need to bring with me?

### **If you DO NOT have a medical care you need to bring:**

1. Identification (passport, matricula, driver’s license, birth certificate, etc.)
2. Proof of income, either:
  - Your last 2 check stubs OR
  - Public Aid/SSI check stub OR
  - Written letter from your employer OR
  - If you have NO income, you can bring a letter from whomever you are stay with stating you do not have an income.
3. Cost: The cost of your vist depends on your income and family size. The health center staff will tell you how much your visit will cost.

### **If you DO HAVE a medical card you need to bring:**

1. Picture ID (passport, matricula, driver’s license, birth certificate, etc.)
2. Medical Care (from Public Aid, Medicare, Insurance, etc.)
